K-2 Student and Parent Technology Agreement

At Castle Hill Public School, teachers continually engage students in their learning, through meaningful and purposeful integration of digital technology.

This agreement is a guideline for students and their parents. Consequences of breaking this agreement may include (but are not limited to):

- restricted access for students who use digital devices or the internet inappropriately;
- students to attend the STOP (Student Time Off Playground) Room;
- contact with parents/caregivers regarding serious incidents.

The Department of Education's policy outlining appropriate and acceptable student use of internet and online communication services can be found at the link below. <https://education.nsw.gov.au/policy-library/policies/online-communication-services-acceptable-usage-for-school-students>

Tick each point as you discuss it and then both yourself and your child need to sign below. Please detach and return the policy as soon as possible to your child's teacher.
